

QUICSEAL 654

Product Name

Q – Rus

Description

QUICSEAL 654 is a special product formulated to remove iron oxide from stones. QUICSEAL 654 removes iron oxide (rust) stains on unpolished stones and polished granite. The product is effective either for superficial stains due to contact of metallic objects with the surface of the stone or iron oxide already existent inside the stone.

Use

The product can be used on polished and unpolished granite, unpolished natural stones, sandstone, limestone and porcelain stoneware (homogeneous tile).
