

QUICSEAL 673

Product Name

Q – Clean Super

Description

QUICSEAL 673 is a biodegradable, anti-bacterial neutral concentrated detergent (with PH 7) for cleaning a wide range of surfaces such as carpets, bathtubs, ceramic tiles, cementitious areas (eg. pebble wash etc. It does not affect or damage wax or water-oil repellent treatment when applied at recommended dilution ratios.

Uses

QUICSEAL 673 can be used on surfaces such as granite, marble, slate, natural stones, treated terracotta, porcelain stoneware, linoleum, klinker and ceramics etc.

Application

As the degree of dirt and stain differs according to the type of dirt to be removed and the degree of staining, the dilution ratios will need to be adjusted accordingly.

For normal cleaning of surface, add a small quantity of QUICSEAL 673 to the bucket of water.

To clean treated terracotta, apply QUICSEAL 673 diluting 1 or 2 small measure into 10 litres of water. Dip the cloth in the solution to clean the surfaces and there is no need to rinse it.

To remove marks left by rubber shoes on terracotta floors, use QUICSEAL 673 undiluted on a wet cloth and rub gently on the black marks to be removed.

Accidental Leakage & Waste Disposal Method

In case of product leakage or spillage, clean up most of the product by using sand, sawdust etc to absorb all residues. Store these residues in plastic tank and arrange for disposal by specialized company.

Coverage

20 to 25 m² per litre (depending on the degree of dirt/ staining)

Packing

QUICSEAL 673 is supplied in 1 litre bottle and 5 litres drum.

Shelf life

12 months when kept in a cool and ventilated place in the original packaging
