

QUICSEAL 653

Product Name

Q – Cleaner (Neutral)

Description

QUICSEAL 653 is a dense high concentrate neutral pH detergent formulated with synthetic and natural cleansing agent with the addition of coconut oil. The product removes dirt and soil quickly and easily thanks to high quality cleansing agents. After mopping, QUICSEAL 653 leaves a superficial invisible residue which protects the treated surface. Time by time this action increases the resistance of the floor against pedestrian traffic extending the period between each maintenance. QUICSEAL 653 can reduce the efflorescence salt on polished marble surface by mopping one or twice daily.

Use

QUICSEAL 653 can be used for the daily cleaning of all washable, sealed or waxed surfaces. It can be used for polished natural stones, doors, windows etc. Particularly recommended for treated terracotta, aged marble, limestone, sandstone, slate and parquet.

Technical Data

Appearance	Gel
Colour	Green
Odour	Perfumed
PH (5% solution)	6 ~ 7
Specific gravity (20°C)	1,08 gr./cc
Biodegradability	90% (Art. 2 and 4 L. 26/04/83 n. 136)
Flashing point (ASTM D 56)	None
Composition	Anionic and non-ionic surfactants in water solution

Application

Dilute from 10 to 30 grams of QUICSEAL 653 in 10 litres of water. (One tablespoon = 10 gr.). Wash the surface by means of mop or cotton cloth and allow to dry. For doors, windows etc. rinse well the surface with clean water.

Note: If properly diluted rinsing is not required. The use of too much product may leave a residue which can be removed by a further washing with clean water.

Coverage

Depending on usage. About 1 L. per 2.500 square metres

Packing

QUICSEAL 653 is supplied in 1 and 5 litre tins.

Shelf life

24 ~ 36 months when kept in a cool and ventilated place in the original packaging

Fortuitous Leakage and Waste Disposal

In case material is released or spilled, clean up the product. Absorb all residues with sand, sawdust etc. and dispose of the waste following the local regulations.
